this book examines the ethics of end of life care focusing on the kinds of decisions that are commonly made in clinical practice specific attention is paid to the intensification of treatment for terminal symptoms particularly pain relief and the withdrawal and withholding of care particularly life saving or life prolonging medical care the book is structured into three sections the first section contains essays examining end of life care from the perspective of moral theory and theology the second sets out various conceptual terms and distinctions relevant to decision making at the end of life the third section contains chapters that focus on substantive ethical issues this format not only provides for a comprehensive analysis of the ethical issues that arise in the context of end of life care but allows readers to effectively trace the philosophical theological and conceptual underpinnings that inform their specific interests this work will be of interest to scholars working in the area as well as clinicians specialists and healthcare professionals who encounter these issues in the course of their practice

the number of books and articles dealing with various aspects of world war ii has increased at a phenomenal rate since the end of the hostilities perhaps no other chapter in this bloodiest of all wars has received as much attention as the holo caust the nazis program for the final solution of the jewish question this ideologically conceived diabolical plan for the physical liquidation of european jewry has emerged as a subject of agonizing and intense interest to laypersons and scholars alike the centrality of the holocaust in the study of the third reich and the nazi phenomenon is almost universally recognized the source materials for many of the books published during the immediate postwar period were the notes and diaries kept by many camp and ghetto dwellers who were sustained during their unbelievable ordeal by the unusual drive to bear witness these were supplemented after the liberation by a large number of personal narratives collected from survivors ali over europe understandably the books published shortly after the war ended were mainly martyrological and lachrymological reflecting the trauma of the holocaust at the personal individual level these were soon followed by a considerable number of books dealing with the moral and religious questions revolving around the role of the lay and spiritual leaders of the doomed jewish communities especially those involved in the jewish councils as well as god s responsibility toward the chosen people
